SUMMARY

I'm Gaurav, a passionate and driven **BSc IT student** with a strong interest in **IoT, web development, and emerging technologies**. I specialize in building innovative, technology-driven solutions that seamlessly integrate **hardware and software** to solve real-world problems.

I have hands-on experience developing **modern web applications using React**, integrating **MySQL databases**, and collaborating in team environments to deliver real-time solutions. With a continuous learning mindset and a problem-solving approach, I strive to build efficient, impactful systems while growing as a full-stack developer.

PROJECTS

Built and Deployed a Full-Stack Web Application

Developed a complete doctor appointment system M*edicalpro* using HTML, CSS, JavaScript, PHP, and MySQL — demonstrating end-to-end project execution and database integration.

Created an IoT-Based Obstacle-Detecting Car

Successfully built a real-time obstacle-detecting car using Arduino and ultrasonic sensors, showcasing strong integration of hardware with software logic.

Completed Hands-On React Development Training

Gained practical experience building dynamic user interfaces using React, including routing, state management, and component-based architecture.

Examination System (Java GUI-Based)

A desktop application that provides an interactive platform for users to take multiple-choice question (MCQ) tests with real-time scoring and feedback.

EXPERIENCE

02/2024 - 04/2024
Mumbai

Web developer intern
CodSoft

EDUCATION

08/2023 - 05/2025
Mumbai, Maharashtra

Bachelor of Science in Information Technology
KES Shroff College, Mumbai University

06/2021 - 05/2022
Mumbai, Maharashtra

Higher Secondary School Certificate
Vidya Bhushan Jr college
